OBJECTIVE :

Motivated Software Developer with hands-on experience in web development and AI/ML, currently working as a Software Developer and Trainer Intern. Seeking a challenging role where I can apply my skills in Python, JavaScript, PHP, and database management to design and develop scalable, efficient applications. Committed to writing clean, maintainable code and contributing to innovative, real-world projects while continuously enhancing my technical and professional growth.

EDUCATION :

- **Master of Computer Applications (MCA)**
P. R. Pote College of Engineering & Management, Amravati
2024 – 2026 | **CGPA: 7.3**
- **Bachelor of Computer Applications (BCA)**
Sant Gadge Baba Amravati University (SGBAU), Amravati
2021 – 2024 | **75.64%**
- **Higher Secondary (12th)**
Maharashtra State Board
2021 | **72.15%**

INTERSHIPS & EXPERIENCE:

- **Software Developer & Trainer Intern**
iBase Electrosoft LLP (2026 – Present)
 - Working on real-world software development projects including the **iBase Data Portal**.
 - Developing AI/ML-based solutions like **Plant Disease Prediction**.
 - Built multiple ML models such as **Laptop Price Prediction, Movie Recommendation, Career Recommendation, Crop Recommendation, Driver Drowsiness Detection**.

▪ **Trainer Role:**

- Delivered training in **Python, Web Development, and AI/ML**.
- Mentored students in **3-4 month internship programs**.
- Conducted **AI/ML workshops** at engineering colleges.
- Guided final-year students in **AI/ML-based projects**.

▪ **Achievements & Exposure:**

- Represented company in **MoU signing events** with reputed colleges.
- Delivered sessions on **AI & ML awareness** at universities.
- Strengthened skills in **communication, leadership, and real-world problem solving**.

➤ **Web Development Intern**

Educron Pvt. Ltd., Nagpur (Oct 2023 - Jan 2024)

Collaborated on responsive website development using HTML, CSS, and PHP. Improved page load speed by 25% and assisted in testing modules, reducing bugs by 30% before deployment.

➤ **Remote Intern - TCS iON (Jan 2024 - Mar 2024)**

➤ **AWS Academy Graduate - Cloud Foundations**

PROJECTS:

➤ **B-FIT Fitness App (Team Lead & Full Stack Developer):**

Led a team in developing a dynamic fitness management web application using PHP and MySQL to log workouts and track nutrition. Designed user interfaces, handled database integration, and implemented authentication and dashboard features.

Live Demo: <https://bfit-web.onrender.com/>

GitHub : <https://github.com/rushikesh-025/b-fit>

➤ **Guess the Number Game (Python):**

Console-based game in Python where users guess a randomly generated number. Includes user feedback and loop control.

GitHub : https://github.com/rushikesh-025/GEUSS_NUMBER

➤ **Weather Dashboard(MERN Stack):**

A dynamic MERN-based Weather Dashboard that fetches real-time weather data, allows users to search cities, and displays interactive forecasts with a responsive UI.

GitHub : https://github.com/WagdreK2003/Weather_dashboard

➤ **Portfolio Website:**

Designed and deployed a responsive personal portfolio using HTML5 and CSS3 to showcase skills and projects.

TECHNICAL SKILL:

➤ Programming Languages:
Python | JavaScript | C | C++

➤ Web Technologies:
HTML | CSS | PHP

➤ Database:
MySQL

➤ Frameworks & Tools:
MERN Stack

SOFT SKILLS:

- Leadership & Team Management
- Problem-Solving and Analytical Thinking
- Team Collaboration and Coordination
- Adaptability and Continuous Learning
- Time Management and Task Prioritization

ACHIEVEMENTS:

- Elected as **President of Nirman Forum (MCA Department)**, demonstrating leadership and organizational skills.
- Led and successfully executed a **college-level event** as Head Organizer, managing planning, coordination, and team operations.
- Served as **President of Computer Application Society (BCA)**, fostering collaboration and organizing student-centric activities.
